

OASIS Requirements for Transmission

The following require OASIS transmission to the State:

1. Traditional Medicare fee for service	MO 150 - 1
2. Medicare (HMO or Managed Care)	MO 150 - 2
3. Traditional Medicaid fee for service	MO 150 - 3
4. Medicaid (HMO/Managed Care)	MO 150 - 4

Transmission is not required on private pay clients or clients with private insurance not connected to Medicare or Medicaid payment.

If a client is receiving Veterans benefits, but then exhausts those benefits and switch to Medicare as the payer, it is necessary to complete a discharge and a new start of care assessment to open Medicare benefits.

**** If an agency has not transmitted any required assessments, it is expected to resolve the issues and transmit the required assessments.*****

If further clarification is needed, please contact the Automation Office 602-674-4375
